

For The Finishing Touch
SEAMFIL®

**THE ORIGINAL
LAMINATE REPAIR!**

K A M P E L

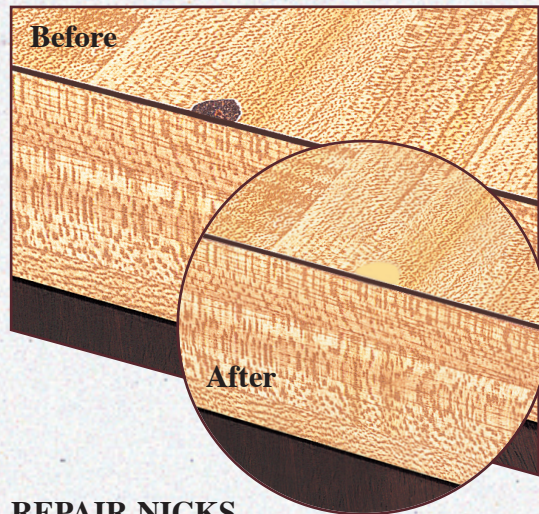

Available In 20 Standard Colors

Plus Clear Gloss and Retarder

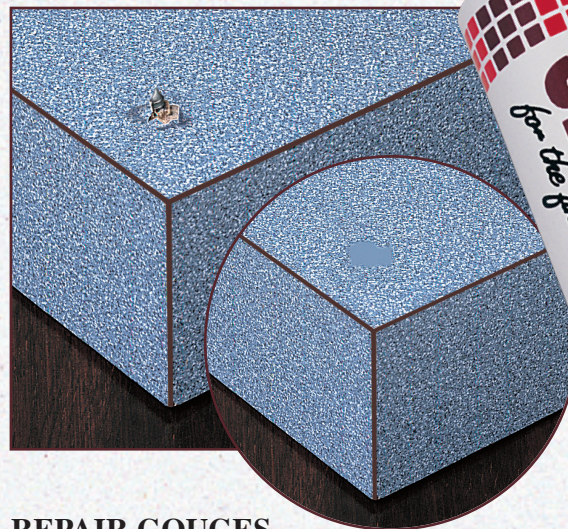

Repair Nicks, Seams, and Gouges with the ORIGINAL — Kampel SeamFil.

Laminate fabricators have successfully used SeamFil for over 50 years! Our color system provides perfect color matches to any Decorative Laminate. Ask your Distributor for a Kampel Colorguide for your specific laminate manufacturer.

REPAIR NICKS

Repair nicks with ease! SeamFil bonds mechanically to the substrate of the laminate. SeamFil is scientifically blended to resist moisture and household detergents as effectively as the original laminate.

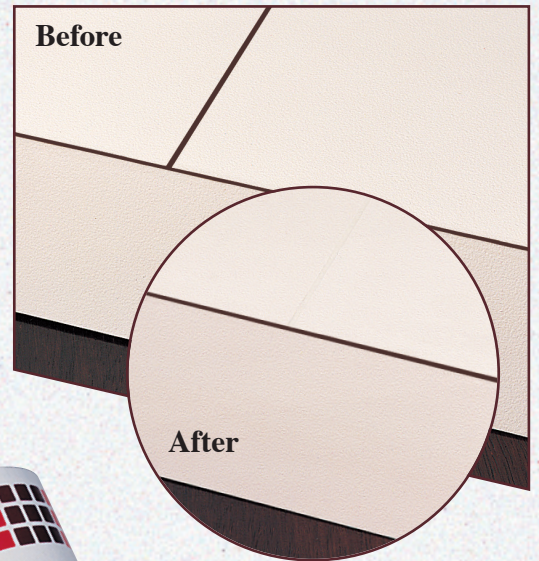

REPAIR GOUGES

Gouges or damaged laminate surfaces can be successfully repaired with SeamFil. Use a Kampel hand-polished putty knife available from your local Distributor.

REPAIR SEAMS

Seams and butt joints all but disappear with a perfectly matched SeamFil color. Use Kampel SF-99 Solvent for pre-cleaning of the damaged area and for clean-up following your application of SeamFil.
